

When we set out to build the Sonim phone, there were no standards for a phone this rugged. So we had to create them. Compiled from over ten years of feedback from customers that lead extreme and rugged lifestyles, the Rugged Performance Standards consist of 12 benchmarks of endurance that set the standard to which all rugged devices must live up to.

## SONIM'S RUGGED PERFORMANCE STANDARDS

EXTRA-LONG BATTERY LIFE

ACCESSIBLE KEYPAD

EXTRA-LOUD SPEAKER

PROTECTION FROM MICROPARTICLES

WATERPROOF

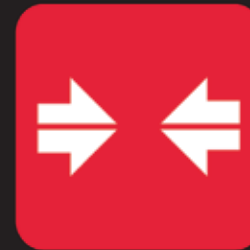

PROTECTION FROM DROPS

RESISTANT TO SHOCKS & VIBRATIONS

RESISTANT TO EXTREME TEMPERATURES

RESISTANT TO EXTREME PRESSURE

RESISTANT TO PUNCTURES

RESISTANT TO OILS AND CHEMICALS

3-YEAR COMPREHENSIVE WARRANTY

### EXTRA-LONG BATTERY LIFE

For continuous use of GPS-based applications through back-to-back shifts

UP TO 22H OF TALK TIME OR OVER 1 MONTH OF STANDBY

### ACCESSIBLE KEYPAD

Uniquely designed for ease of use with large or gloved hands

WIDELY SPACED KEYS FOR EASE OF USE WITH GLOVED HANDS

### EXTRA-LOUD SPEAKER

Never miss a call in noisy environments.

CAPABLE OF PRODUCING UP TO 100 DB OF NOISE (EQUIVALENT OF A JACKHAMMER)

### PROTECTION FROM MICRO-PARTICLES

Completely sealed against the intrusion of dust and industrial micro-particles

RATED IP-6x  
COMPLETELY DUST PROOF

### WATERPROOF

Fully submersible in fresh and salt water at a depth of 6.5 ft for up to 1 Hour

RATED IP-x8  
COMPLETELY WATER SUBMERSIBLE

### DROP/IMPACT RESISTANT

designed to be dropped onto concrete from any angle from the top of a ladder

TESTED FOR 6.5 ft DROPS ONTO CONCRETE FROM ANY ANGLE

### RESISTANT TO SHOCKS/VIBRATIONS

Internal components were designed to withstand the G-Forces from sudden vibrations or impacts

BUILT TO WITHSTAND IMPACTS OF UP TO 4G AND VIBRATIONS FROM 5HZ - 500HZ - 5HZ

### RESISTANT TO EXTREME TEMPERATURES

Built to last in the most extreme climates around the globe from the Arctic Circle to the Sahara Desert

OPERATES IN TEMPERATURES RANGING FROM -5° F TO +130° F

### RESISTANT TO EXTREME PRESSURE

Built to withstand being driven over by a heavy duty truck

WITHSTANDS UP TO 1 TON OF PRESSURE

### RESISTANT TO PUNCTURES

Although not bullet proof, Sonim's Corning®Gorilla® Glass lens is extremely shock- and scratch resistant

CAN WITHSTAND UP TO 5J OF IMPACT ENERGY ON THE HOUSING AND UP TO 2J ON THE SCREEN (equivalent of a 4M drop of a 50g steel ball)

### RESISTANT TO OILS AND CHEMICALS

Designed to be both resistant to the corrosive nature of oils and chemicals and to be easily cleanable with the right solvent

TESTED AGAINST A DOZEN CHEMICALS AND OILS

### 3-YEAR COMPREHENSIVE WARRANTY

Sonim will even cover accidental damage of the phone for the duration of 3 years.

3-YEAR COMPREHENSIVE WARRANTY
