

AT&T Business customers get the XP10 for \$9.99

Once again Sonim proves
that our 5G devices go
where others will not.

A \$569.99 ultra-rugged, 5G smartphone
for just \$9.99? Yes, we went there.
And with Sonim XP10, you can too.
Purpose-built with the 5G performance
enterprise demands. Legendary Sonim
toughness you've come to expect.
And now, with \$560 in savings,
smartphone value like never before.

Get more done in more places with ultra-rugged features built for enterprise.

A **3-year comprehensive warranty** that lowers your total cost of ownership.

5000mAh battery for **all day power**.

Extra loud, 100dB+ speakers with **Noise Cancellation Technology** to hear and be heard in the noisiest environments.

Built to industry-leading **Rugged Performance Standards**, including MIT-STD-810H and Non-Incendive Class I, II and III Div 2 ratings for performance in the most extreme conditions.

Hassle free deployment and device management with **SonimWare Software**, included at no charge.

FirstNet Ready™ for Public Safety and supports Rapid Response and FirstNet PTT easily, accessible by an oversized PTT button to instantly and securely connect in any situation.

How can Sonim serve your business?
